Thanks Mr, Hothi. I am now in touch with Mr. Burke and lawyers for the company. I'm hoping that I'll have what I need within a day or two.

Mr. Hothi-

It is come to our attention that an important area of our investigation, which is the stormwater sediment ponds, resides on property owned by another entity. We will need to arrange for site access with this other property owner in the same way we've done with you. Do you have a person with Kaiser Aluminum Investments that you work with and that we could contact in order to make arrangements with them directly?

Thanks again for your assistance.
